

# 2022 Atlas

## Quick-Start Guide

Only drive and park where it is permitted and always stay on provided roads and paths. See owner's manual for important information regarding off pavement use.

The information within this guide must be used in conjunction with the information in the Volkswagen Owner's Manual. You should refer to your vehicle's Owner's Manual and Infotainment System Booklet for all information, warnings and feature limitations. Always pay careful attention to the road and do not drive while distracted. Some Infotainment features can only be accessed and operated when the vehicle is standing still.

# Introduction to Your Atlas

## 1. Digital Cockpit

Displays vehicle system and function information. Digital Cockpit Standard Display options can be accessed using the multi-function steering wheel controls. Digital Cockpit Pro Display options can be accessed using the multi-function steering wheel controls and can be customized using the Infotainment touchscreen.

## 2. Infotainment

Touch-sensitive buttons control the various Infotainment functions, including radio, media selections, App-Connect functions, phone operation, vehicle functions and the optional Navigation system.

## 3. Start-Stop System

When the light is off the system is activated. System is deactivated when the light is on. Start-Stop is automatically activated when the ignition is switched on. See operating conditions in Owner's Manual.

## 4. USB-C Port

USB Type C ports  allow you to connect your mobile phone to your Atlas using the latest generation of USB. For data and charging, USB Type C ports are available in the cubby in front of the selector lever. Charging only USB-C ports are available in the jumbo box, rear console, and in the 3rd row (when applicable). To utilize USB Type C, you must have a compatible cable. To find a cable that converts your phone's charging port to a USB Type C connector, [click here](#).

## 5. Wireless Charging

Can charge a Qi-capable mobile phone without the need to plug in a cable. Simply place your device securely in the center of the surface with the display facing up. An alert in the Infotainment system will indicate when charging begins.

## 6. Steering Wheel Left Side Controls

Buttons for operating the Cruise Control or Adaptive Cruise Control\* and other Driver Assistance features. Volume settings for radio, Navigation system notifications or phone calls.

## 7. Steering Wheel Right Side Controls

 **Voice Control Button:** Activates the Voice Recognition System. Short press to activate Volkswagen Voice Control.\* Long press to activate third party voice control with a compatible smart phone connected to App-Connect.

**VIEW VIEW Button:** Will allow you to switch between display. Depending on equipment, displays and settings may vary. Please see owners manual for more information.

 **OK Button:** Used to select settings for features in the instrument cluster display.

 **Horizontal Menu Buttons:** Used to navigate through the instrument cluster's main menus.

 **Vertical Arrow Buttons:** Push to navigate inside a specific menu.

 **Horizontal Arrow Buttons:** Push to change radio stations, scroll through radio presets or select the next or previous media track.

 **Steering Wheel Heating:** Activates the heated steering wheel. Can be pressed repeatedly to select between three levels of heating and held for one second to save a heating level. Press and hold to recall the last saved level. To turn off, press repeatedly until bar display in the instrument panel goes out.

## 8. Remote Start\* (not shown)

If your vehicle is equipped with this feature, the engine can be started from outside the vehicle with the **Remote Start** button, allowing the HVAC system to heat or cool the interior. On your key fob, press the **Lock** button, then the **Remote Start** button  twice. Pressing three times will cancel operation.

In vehicles equipped with Remote Start and seat HVAC, the following features will be activated automatically:

- Seat Ventilation - Level 2 switches on when outside temperature is above 68°F to cool seats.
- Seat Heating - Level 2 switches on when outside temperature is below 59°F to heat seats.

\*Available on select trim lines

# Navigation

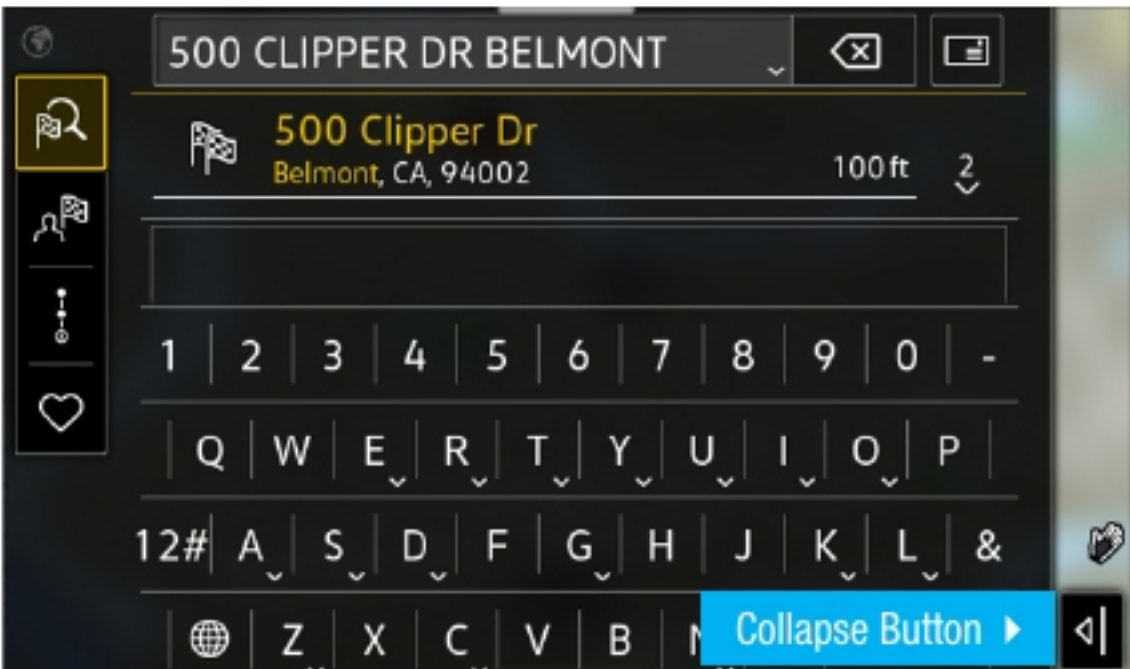

## Discover Media Touchscreen Navigation System

Press the **NAV** icon on the touchscreen to open the Navigation **Home View**. The Home View shows your current position in the middle of the screen as a cursor that is situated in relation to the actual position of the vehicle and five suggested destinations which are based off of your last destinations, predicted destinations, favorites or imported destinations from your Car-Net® app. The Home View map is oriented with north at the top of the screen and the actual positions of the proposed (0-5) destinations are relative to the actual position of the vehicle.

To search for a specific destination:

1. Select the search icon  .
2. Begin entering a Point of Interest (POI) or address information with House number, Street and City.
3. When your search address or POI appears in the dropdown suggestion bar, select the correct address on the screen.
4. Select **Start** to begin the route.

Applies to vehicles equipped with Navigation feature. When entering an address for another state, use only the two-character abbreviation for the state. Entering a destination on the touchscreen or changing any settings can only be done when the vehicle is stationary.

## Additional Settings

With Route Options you can:

- Choose between 3 alternative routes if available by clicking on the route info panel where the most recommended route is highlighted in blue.
- Use Dynamic route guidance\* if online traffic is available.

Before starting your route:

- Route criteria can be modified by tapping  .

After starting your route:

- Modifications to the current route such as avoiding tolls or seasonal restricted roads are possible by tapping  .
- Route criteria can also be modified by tapping  and selecting  .

\*Requires paid subscription, vehicle to be equipped with MIB3 infotainment system with navigation, acceptance of VW Car-Net Terms of Service, active data plan, and vehicle cellular and GPS connectivity.

Note: Always pay careful attention to the road, and do not drive while distracted. SiriusXM audio and data services each require a subscription sold separately, or as a package by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at the current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com). All fees and programming subject to change. Sirius, XM and all related marks and logos are trademarks of SiriusXM Radio Inc.

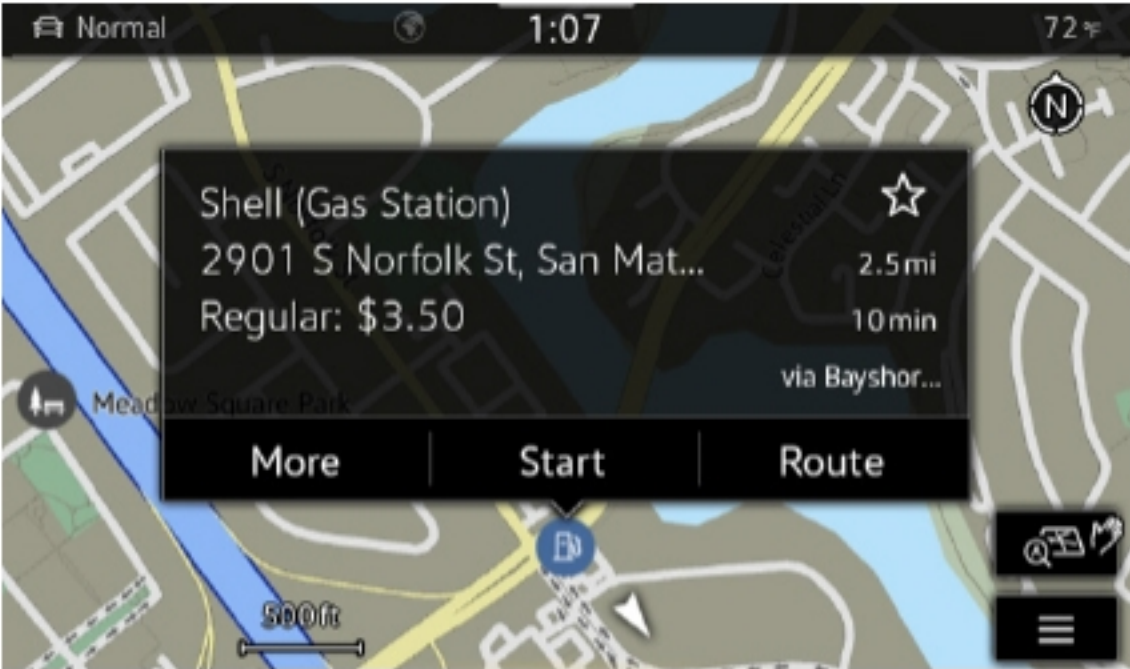

## Point of Interest (POI)

To find a specific point of interest:

1. Press the **NAV** icon. Then press  on the touchscreen to open the keyboard function to search POIs.
2. Search for your desired POI i.e., airport.
3. Select **Start** to begin route guidance.

OR

1. Press the **NAV** icon, then select a POI currently displayed on the map (this is great for finding nearby fueling stations).
2. Select **Start** to begin route guidance.

## Cancel Active Route Guidance

1. Press **Stop Route Guidance**  directly.

OR

1. Select **Menu** icon  in the Navigation screen.
2. Select **Stop Route Guidance** option on the touchscreen.

## Alternative Navigation

Turn-by-turn directions are also available by mirroring your favorite smartphone app to your Infotainment screen. Using the maps app on your device, you can connect to Volkswagen App-Connect wirelessly if available, or you can connect by using a manufacturer-approved USB-C cable.

## Car-Net Plus Navigation

With real time information,\* navigation is even smarter: keep up-to-date with practical details such as online traffic information, route calculations and map updates. Constantly updated data provides you with useful information and ensures the best possible route to your destination.

\*Availability is subject to your mobile network provider's network coverage. Requires additional paid subscription.

# Driver Assistance

## Features

### Activate Cruise Control

Locate the Cruise Control buttons on the left side of the multi-function steering wheel.

- Press the  button to activate Cruise Control.
- A speedometer icon  will appear in the instrument cluster display.

### Set Cruising Speed

1. When you get to your cruising speed, press the **SET** button on the multi-function steering wheel.
2. A green cruise control indicator light  will appear in the instrument cluster display.
3. To increase/decrease the speed by 1 mph increments, press the **+** or **-** button.
4. To increase/decrease the speed by 5 mph increments, press and hold the **+** or **-** button.

### Cancel and Resume

1. To cancel the cruise speed, press the brake pedal or press the  button once on the multi-function steering wheel.
2. The green **CRUISE** indicator light will go off . Your last selected speed stays in memory until you turn off the ignition or turn Cruise Control off.
3. To resume your set speed, press the **RES** button on the multi-function steering wheel.

### Turning Cruise Control System Off

- Press  twice.

 Watch the Cruise Control video.

### Adaptive Cruise Control Distance Level Setting

Applies to vehicles equipped with Adaptive Cruise Control.

Adaptive Cruise Control (ACC) helps maintain an individually stored constant speed and a previously set distance between your vehicle and those in front of you. When you approach a slower moving vehicle in front of you, the vehicle may brake if the situation requires. When the vehicle is no longer present, ACC will accelerate back to the stored speed. You can set the speed-dependent distance from the vehicle ahead to one of five levels.

- When the **ACC** button is pressed to set distance level, the  indicator light illuminates in the instrument display cluster.
- To change the ACC distance level, press the  button to cycle through distance intervals. When the shortest interval is reached, the distance returns to the greatest interval when the button is pressed again.
- When the Adaptive Cruise Control system brings the vehicle to a stop, briefly press the accelerator pedal or press **RES** on the multi-function steering wheel to resume Adaptive Cruise Control.

 Watch the Adaptive Cruise Control video.

### Travel Assist System

Applies to vehicles equipped with Travel Assist.

Within system limits, Travel Assist system enables your vehicle to steer, accelerate, and brake automatically while also keeping the vehicle centered in lane. Travel Assist can also maintain a constant distance to vehicles in front which is selected by the driver. The driver must maintain supervision as the Travel Assist system is not an autonomous feature. To enable Travel Assist:

1. Press the  button on the steering wheel at the desired speed.
2. To cancel the Travel Assist, press the brake pedal or press the  button on the multi-function steering wheel.
3. To resume Travel Assist, press the  button on the steering wheel at the desired speed.

Note: Pressing the RES button will only resume Adaptive cruise control capabilities, and not lane centering.

 Watch the Comfort Drive Travel Assist video.

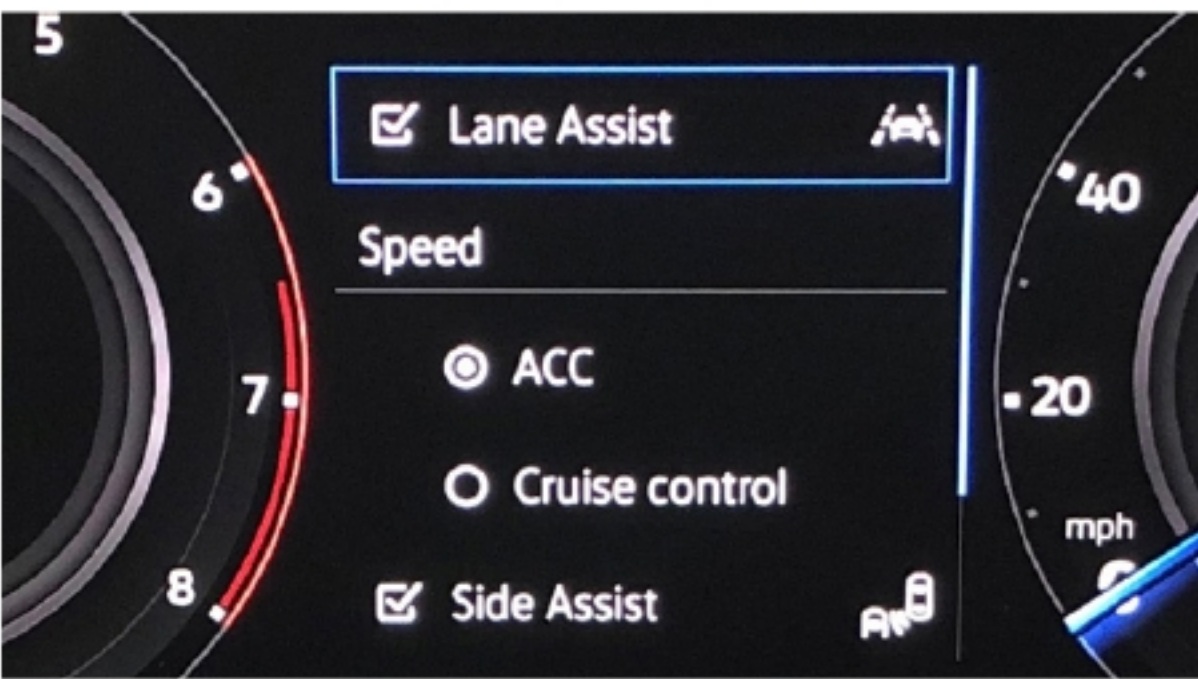

### Deactivating Adaptive Cruise Control

Applies to vehicles equipped with Adaptive Cruise Control.

To deactivate Adaptive Cruise Control, and use Conventional Cruise Control:

1. Press the  button. Depending on vehicle equipment, it may be on the steering wheel or the end of the turn signal stalk.
2. Using the vertical menu buttons  on the steering wheel, scroll to **Speed**.
3. Select **Cruise Control** in the instrument cluster display then press the  button.

Adaptive Cruise Control is now deactivated, and your vehicle will maintain the set speed using conventional cruise control.

 Watch the Deactivate ACC video.

### Assistance System Setting

If your vehicle is equipped with Driver Assistance features, you can access the Assistance system settings menu in the Infotainment system, allowing modification to the Driver Assistance feature operation.

1. Press the **Menu** button
2. Press the **Assist Syst.** icon on the display.
3. Touch the image that represents the feature.

OR

Touch  to access **Assistance system settings**.

### Disabling Park Distance Control Audible Tone

The audible tone from the Park Distance Control System can be disabled by pressing the  button on the center console. The warning will reactivate automatically when the reverse gear is engaged or the button is pressed again.

# Climatronic System

## Heating and Air Conditioning

- To cool or warm the occupant compartment automatically, press the **AUTO** button to turn the system on.
- Adjust the driver's temperature dial to your preferred setting.
- Press the **SYNC** button to synchronize the temperatures between the zones. If there is a large temperature difference between the two zones, it may hamper the system's ability to quickly cool the interior.
- In extreme heat, press the **MAX A/C** button. When a comfortable temperature has been reached, press the **AUTO** button.

 Watch the Automatic Climate Control video.

### Max Defrost/Rear Defrost 1

1. Press the **Max Defrost** button. It is recommended to turn the temperature setting to **HI** for quickest defrost/defogging.
2. The A/C function comes on automatically and it is recommended to leave A/C on to dry the air.
3. When the windshield is clear, press the **AUTO** button.

Side view mirror heating turns on automatically when the **Rear Defrost** button  is pressed and outside temperatures are below +68°F (+20°C).

Note: In the event of significant fogging, opening a window briefly can help.

 Watch the Climatronic Defrost video.

### SYNC 2

1. Select your preferred temperature with the left temperature dial.
2. Adjust the fan speed and vents if necessary.
3. Press the **SYNC** button. The light inside the button will illuminate to show it is active.

Note: The driver's settings will be applied to the passenger and rear climate zones.

### Air Distribution 3

The **Air Distribution** button  directs air to the floor, panel or defrost vents or a combination of vents. Pressing the button multiple times toggles through the different airflow settings.

### AUTO 4

AUTO allows you to regulate and maintain the occupant compartment temperature at a desired level automatically.

1. Turn the driver side temperature dial to the desired temperature.
2. Press the **AUTO** button if it is not already illuminated.

### Seat Heating/Ventilation 5

Applies to vehicles with Seat Heating/Ventilation.

- To warm up quickly on a cool morning, press the  button for seat heating.
- To cool down quickly in warm weather, press the  button for seat ventilation.

### OFF 6

Turn the fan dial counter clockwise until it stops, and all lights on the dial are off. Or, alternatively you can:

1. Press the **MENU** button on the climatronic center control knob.
2. Tap **OFF** on your touchscreen.

### Opening and Closing Air Vents

Some of the air vents are adjustable, so passengers can create their own comfortable experience. To close the driver vent, turn the center air control lever all the way to the right. To close the front passenger vent, turn the center air control lever all the way to the left.

Note: The center vents in the front cabin and rear vents cannot be closed.

# Wipers/Luggage Compartment Lid/Memory Seats

## Windshield Wipers and Washer

### Intermittent

- From the **OFF** position, move the wiper stalk one click up to activate the intermittent wipers with rain-sensing.
- The switch on top of the stalk varies the time interval between each wipe.
- The farther the switch is moved to the right, the shorter the interval between each wipe will be.

Note: Ensure wiper stalk is in OFF position before entering a car wash.

 Watch the Windshield Wipers video.

### Rain-Sensing Wipers

To activate and deactivate wipers within the Infotainment touchscreen.

- Select **Car** then select **Settings**.
- Select **Mirror and wiper settings**.
- Select **Automatic wiper during rain**. A check mark indicates it is active.

Note: Applies to vehicles equipped with rain sensors.

### Rear Wiper

To operate, push the lever one click away from you. If you have the front wipers on and you put the car in Reverse, the rear wiper activates a single wipe.

### Rear View Camera Washer System

The Rear View Camera washer system works with the wash and wipe system to clean the Rear View Camera when the rear window wash and wipe system is activated.

### Continuous

- LOW**: From the **OFF** position, move the wiper stalk up two clicks.
- HIGH**: From the **OFF** position, move the wiper stalk up three clicks.

### Service Position

With hood closed and ignition off, press and hold the windshield lever down. Wipers will move into the service position. Lift wipers by arm away from windshield. Before driving, fold wiper arms back onto the windshield. Turn ignition ON, and press the wiper level down briefly. The wipers will move back to the park position.

## Luggage Compartment Lid

### Changing and Saving the Opening Angle

The opening height of the rear hatch can be adjusted.

- While the rear hatch is opening, press the **Luggage Compartment Lid** button on the remote key fob to stop it at the desired height. You may also stop it by pressing the  button on the rear hatch.
- Press and hold the  on the rear hatch edge until the rear lights blink and a tone is heard.
  - The opening height of the rear hatch can be readjusted to the maximum height by pushing upward on the rear hatch and then repeating Step 2.

### Trunk Lid with Easy Open Motion Sensor

Applies to vehicles equipped with the sensor–controlled Luggage Compartment Lid feature.

- You must be carrying your vehicle key on your person, i.e., in your pocket, hand or purse.
- The ignition must be off.
- Quickly move your foot and shin as close to the bumper as possible (in kicking motion) without contacting the bumper. Your shin must be in the upper part of the sensor's range and your foot in the lower part.
- Quickly move your shin out of range. The rear hatch opens automatically.

 Watch the Easy Open Trunk video.

### Activate/Deactivate Easy Open Function

The Easy Open function can be activated and deactivated in the infotainment system.

- Select the **Vehicle** menu.
- Select the **Settings** submenu.
- Scroll down the list and assign the settings under **Opening and closing**.

## Memory Seats

### Saving Seat Position to Memory

Applies to vehicles equipped with the Memory Seats.

- Adjust the driver's seat and outside mirror positions to your preferred positions then press and release the **SET** button.
- Press and hold the memory button **1**, **2** or **3** until the chime sounds.

### Recalling Stored Memory Settings

- With the vehicle stopped and the ignition ON, press and hold the corresponding memory button.

OR

- With the ignition off and the driver's door open, press and hold the memory button until the stored position is reached.

 Watch the Memory Seat video.

 Warning: See [Memory Seats](#) in your Owner's Manual for more detailed information and for important safety warnings.

 Warning: See [Windshield Wipers](#) in your Owner's Manual for more detailed information and for important safety warnings.

 Warning: See [Trunk Lid](#) in your Owner's Manual for more detailed information and for important safety warnings.

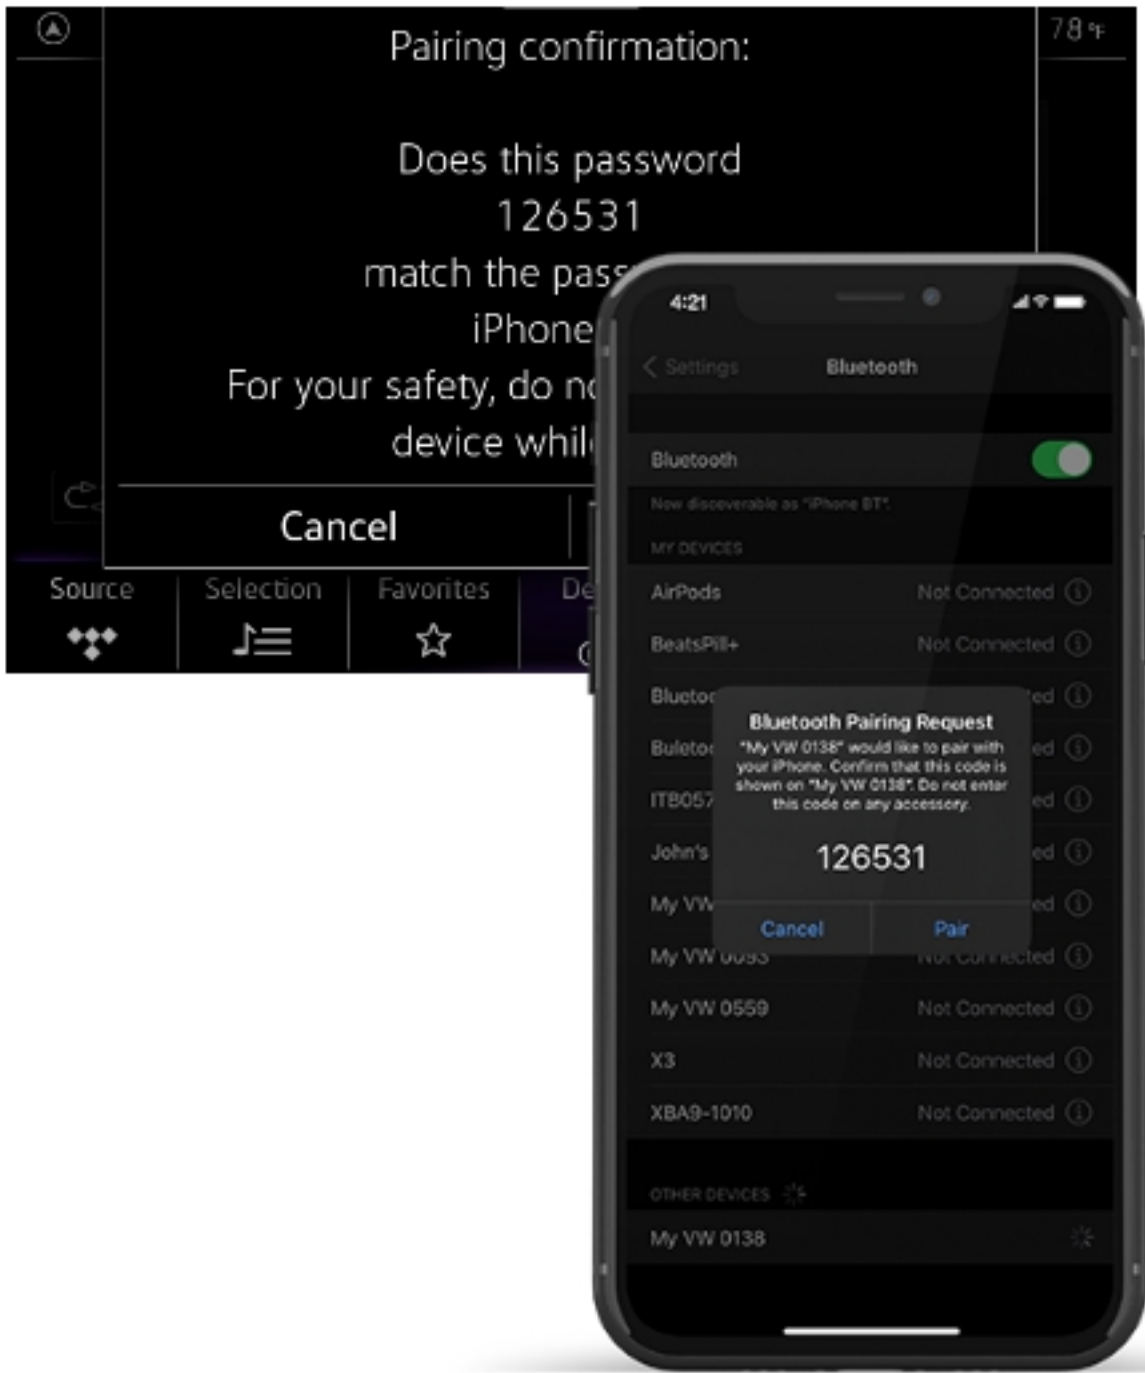

# Bluetooth Technology/ Voice Recognition

## Pairing a Compatible Phone

1. With the ignition on and the vehicle in Park, turn the Infotainment system on. Your vehicle’s Bluetooth system will be in “discovery” mode.
2. From the Bluetooth menu on your phone, search for new devices and select MY VW XXXX (last four digits of VIN).
3. A connection request will appear on the Infotainment display.
4. Press **Connect** on the Infotainment display.
5. The Infotainment display will then show a PIN.
6. Make sure the same PIN is displayed on your phone and press **Yes** on the Infotainment touchscreen, then press **Pair** on your phone.
7. Allow contacts to Sync when prompted.

Note: If your phone displays a prompt asking to connect to your vehicle, make sure to enable future automatic connections. This will help to automatically reconnect the compatible paired device to the system. Once the PIN is shown, pairing must be completed within 30 seconds; otherwise, the process will need to be repeated.

 Watch the Phone Pairing video.

## Primary and Secondary Phone Functionality

Two active phones can be connected simultaneously. Follow steps 1-6 above. Only contacts from the primary phone will be shown within the Infotainment system. Switching between phones requires pressing the **Swapping** icon .

Note: This feature is not available when the phone is connected to App–Connect, Apple CarPlay® or Android Auto™.

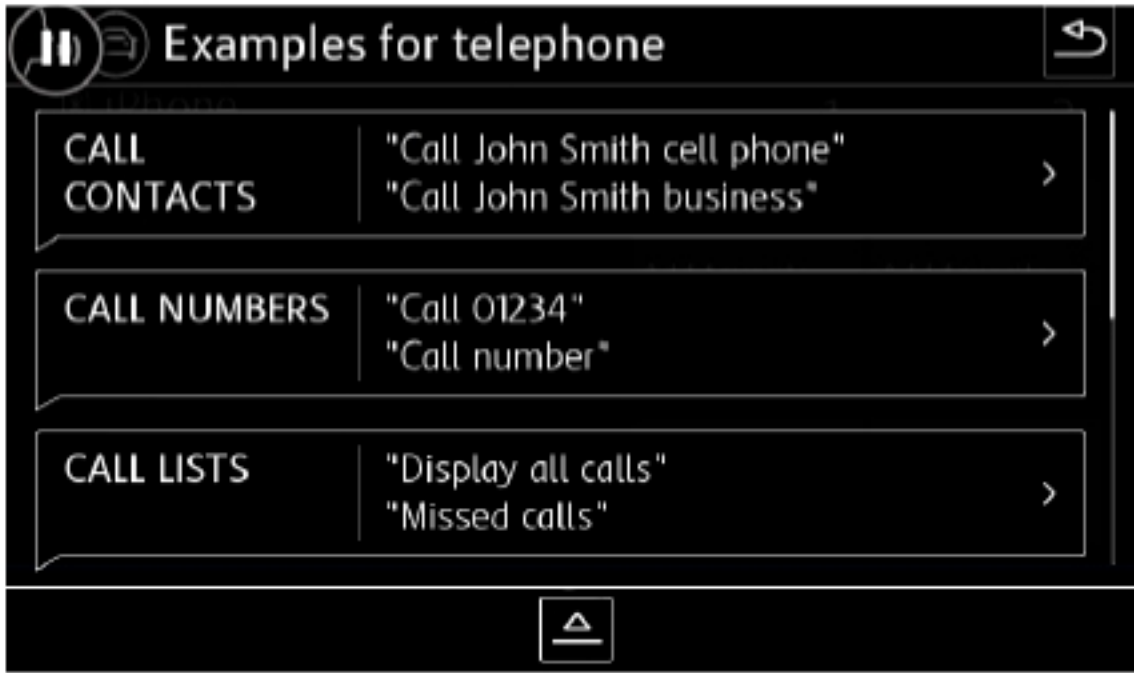

## Call by Name via Native Bluetooth Technology

Applies to vehicles with Voice Recognition feature.

1. Short press the **Voice Control** button  on the multi-function steering wheel.
2. After the chime say, “Call,” followed by the name of the person you want to call. For example, “Call Mike Brown.”
3. The system will confirm, “Do you want to call Mike Brown?” You then reply, “Yes.” If the contact has multiple numbers, select or say the desired line number on the screen when prompted. Once selected, the system will then say, “Contact is being dialed.”

Note: If connected to Apple CarPlay, press and hold the VR button to activate Apple Siri. Then say, “Call Mike Brown.”

 Watch the Making a Call Using Voice Recognition video.

## Voice Recognition Tips

- The contact must be said exactly as it is stored in your phone’s contact list.
- If multiple numbers are stored per contact, you may use the shortcut, “Call John Smith work,” or the system may ask you to choose: work, mobile, home, etc.

## Answer an Incoming Call

The Bluetooth system will interrupt your car stereo with a ringtone. Press the **OK** button on the multi-function steering wheel or the green **Phone** icon  on the Infotainment touchscreen to answer the call.

## Volume Settings

To adjust the volume of the Bluetooth system while on a call, press the **Volume Up** or **Volume Down**  switch on the left side of the multi-function steering wheel.

## Switch to Private Mode

To prevent passengers from overhearing a conversation, switch a Bluetooth call to your mobile phone:

1. Once a call has been answered, use the **Horizontal Menu** buttons  on the multi-function steering wheel to access the Phone menu in the instrument cluster display.
2. Press the **Vertical Arrow** buttons  on the right side multi-function steering wheel to scroll to the Telephone menu.
3. Use the horizontal menu buttons  to open the Telephone menu.
4. Use the vertical menu buttons to scroll to “Private” and select with the **OK** button.

## End a Call

While in the Phone function, press the red Phone icon  on the Infotainment touchscreen. Or, alternatively:

1. Use the **Horizontal Menu** buttons  on the multi-function steering wheel to access the Phone menu in the instrument cluster display.
2. Use the **Vertical Arrow** buttons  on the right side multi-function steering wheel to scroll to the Telephone menu.
3. Use the **Horizontal Menu** buttons  to open the Telephone menu.
4. Press the Vertical Arrow buttons  until “End” appears in the instrument cluster display and select with the **OK** button.

## Cancel Active Voice Recognition or an Active Route

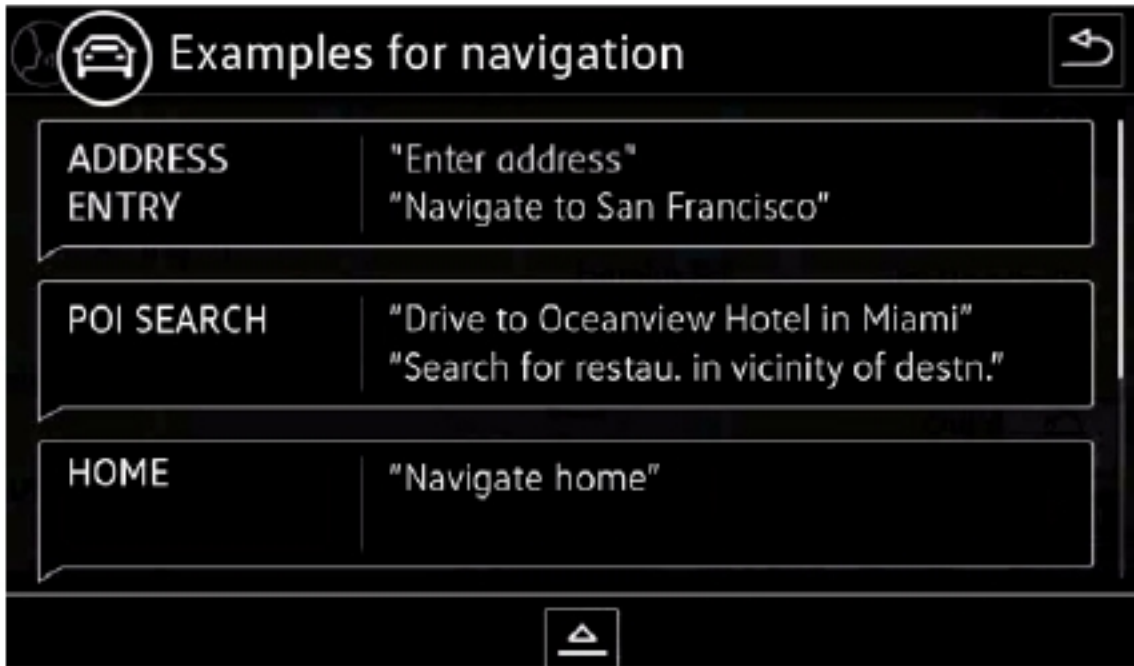

Double press the Voice Control button  on the multi-function steering wheel.

## Destination Entry with Voice Recognition

Applies to vehicles with Voice Recognition.

1. Short press the **Voice Control** button  on the multi-function steering wheel. A beep will sound.
2. Say, “New destination.”
3. After the beep, speak the address. For example, “Two zero two four Main Street, Los Angeles.” Speak in single digits.
4. The system will repeat the address for confirmation and ask if you would like to start route guidance.

 Watch the Destination Entry with Voice Recognition video.

# App-Connect

To start App-Connect, pair your smartphone to your VW's Bluetooth and watch as your select apps appear on the touchscreen display. Need a couple extra bars on your phone's battery? Get a charge beyond just your driving experience. Plug your phone into your VW's USB port, and enjoy all the same access.

## Wireless App-Connect with Apple CarPlay Integration

To connect:

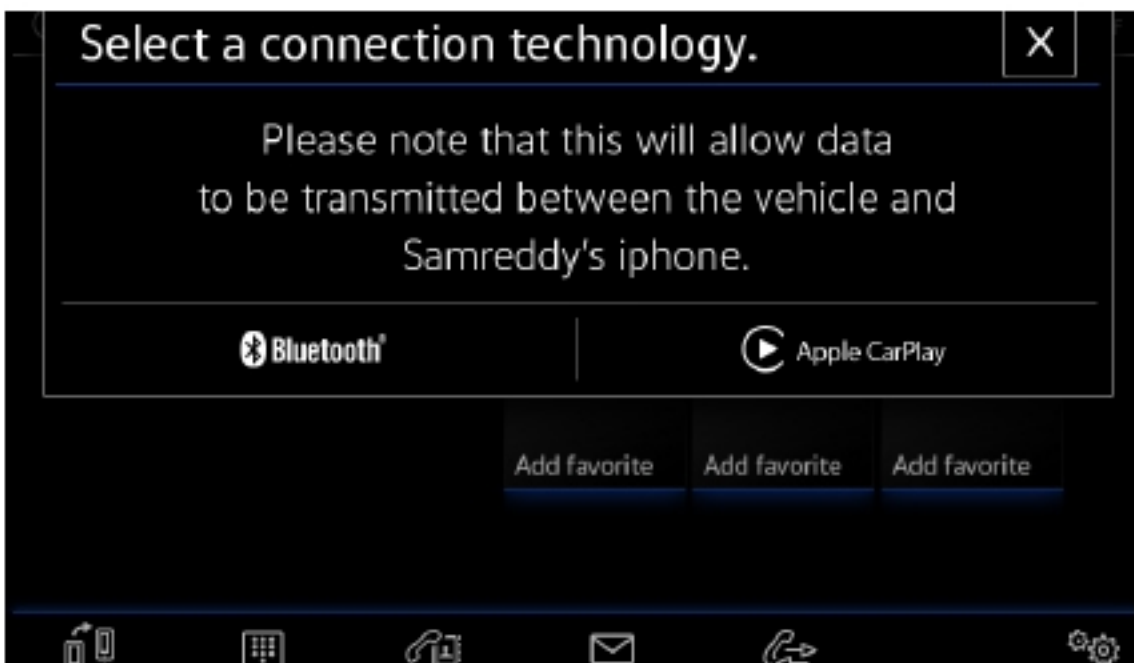

1. Pair your phone to the Volkswagen Infotainment system with Bluetooth.
2. A prompt will display the vehicle touchscreen asking if you want to use Bluetooth or Apple CarPlay.
3. Select **Apple CarPlay**. If this is the first time, accept the confirmation on your iPhone®.

OR

1. Simply unlock your iPhone and plug it into the USB port using a certified lightning cable. After choosing to use Apple CarPlay, your iPhone will ask if you'd like to use Apple CarPlay wirelessly for future connections.

Note: Please confirm all prompts from App-Connect on the mobile device for successful Apple CarPlay connection.

 Watch the Apple CarPlay Wireless Connection video.

## Apple CarPlay®

Apple CarPlay is a smart way to use your iPhone while you are in your Volkswagen. With an updated user interface that helps you control tunes, directions and Siri® suggestions, a calendar app that lets you view and manage your day, and maps that can reveal more of what's around you, getting there just got a whole lot easier—and a lot more fun.\*

1. Ensure you are running the latest iOS on your device.
2. Unlock your iPhone and plug it into the USB port using a certified lightning cable.
3. A screen will appear on the Infotainment system stating that a new device has been detected and will ask, "Do you want to connect with Apple CarPlay?" Select **Connect**.

OR

1. Pair your iPhone to your Infotainment system's Bluetooth connection. When the "Select a connection technology" pop-up appears, select **Apple CarPlay**.
2. Select **Allow** on iPhone to enable Apple CarPlay to access your iPhone while your phone is locked.

\*Always pay careful attention to the road, and do not drive while distracted. Not all features are available on all operating systems. Standard text and data usage rates apply. App-Connect features require compatible device, operating system and mobile apps. See mobile device and app providers for terms and privacy.

Note: You will have to have had an unlocked iPhone within the past hour in order to use Apple CarPlay. When you are connected using Apple CarPlay, your iPhone can no longer be used as a source in MEDIA or as a Bluetooth device. Apple CarPlay is compatible with iPhone 5 or higher running iOS 7.1 or later. Further information can be found at [support.apple.com](https://support.apple.com) and [siriusguide.com](https://siriusguide.com). Apple CarPlay is a trademark of Apple Inc.

## Features

Apple CarPlay features Siri voice control. Siri must be enabled on the device to use Apple CarPlay. There are two ways to activate Siri:

- Press and hold the **Voice Control** button  on the multi-function steering wheel until you hear the tone, which activates Siri.
- Press and hold **Home** on the touchscreen to activate Siri.

1. **Home** features include:

- Return to the Apple CarPlay home screen or to the Apple CarPlay Dashboard.
- Long press to activate Siri.

2. **Phone:** Siri can help you make calls, return missed calls and listen to voicemail.

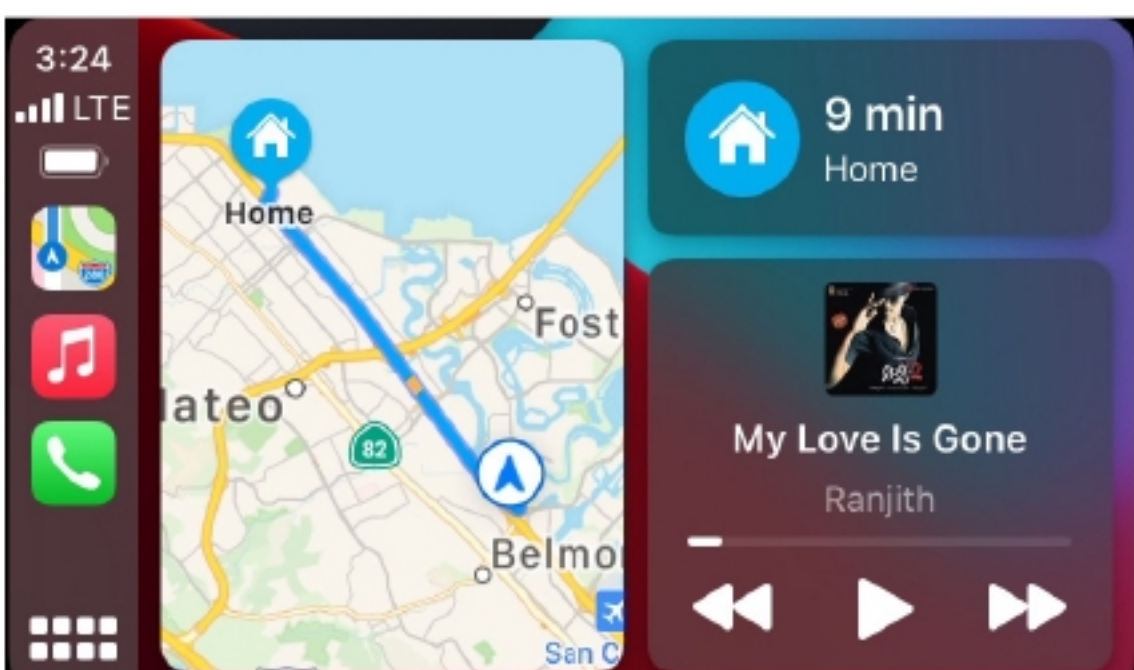

3. **Maps:** Opens Apple Maps for turn-by-turn directions, traffic conditions, immersive 3D experiences and estimated travel time. Siri can also help with directions. Activate Siri and say, "Navigate to," and your destination.

4. **Messages:** Siri can send, read and reply to your text messages for you.

5. Tapping the **Volkswagen Logo** icon simply takes you to the Volkswagen native user interface with all the features and functions of Apple CarPlay still active.
- To charge iPhone only, disconnect from Apple CarPlay by pressing the **Volkswagen Logo** icon, then select **Disconnect** on the touchscreen. This will allow Bluetooth® access while charging your iPhone.

[Click here](#) for further information on Apple CarPlay apps.

 Watch the Apple CarPlay Connection video.

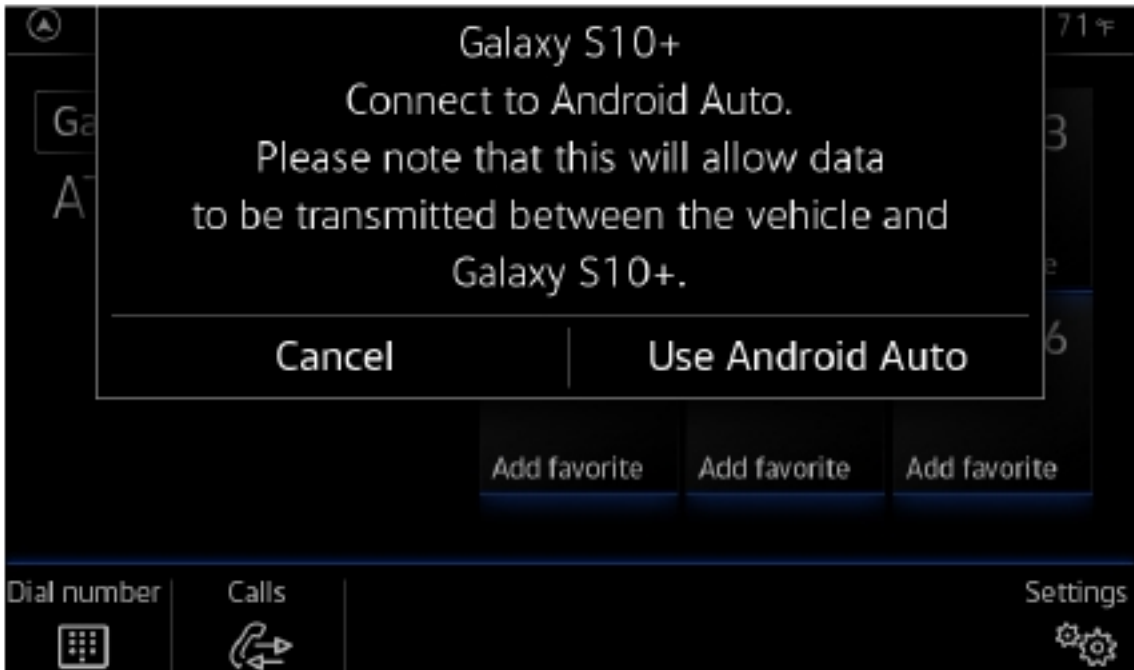

## Wireless App-Connect Android Auto

To connect:

1. Pair your phone to the Volkswagen Infotainment system with Bluetooth.
2. Select **Use Android Auto** or select **Cancel** for Bluetooth connection.

Note: Please confirm all prompts from Android Auto on the mobile device for successful Android Auto connection.

 Watch the Android Auto Wireless Connection video.

## Android Auto™

Use some of your favorite Android applications on the road through your Volkswagen's infotainment screen. Hands-free, you can talk to Google on Android Auto to get driving directions, send a text or place a phone call. Android Auto is made to help you focus on the road while having fun along the way.

1. Ensure you are running the latest Android™ OS on your device and download Android Auto from the Google Play Store. An active Google account and an internet connection is required. If you're using Android 10 or higher, the app is already on your phone.
2. Plug your Android phone into the USB port using a certified USB Cable.
3. Press the **App** key on the touchscreen.
4. Select **Android Auto** on your touchscreen. Ensure phone is unlocked OR pair your Android phone to your Infotainment system's Bluetooth connection, then select **Use Android Auto** in the pop-up.
5. Select **OK** on the touchscreen for data transfer prompt.
6. Follow the instructions on your device to continue setup.
7. Android Auto will appear on the Infotainment touchscreen once all the prompts have been accepted on the device.

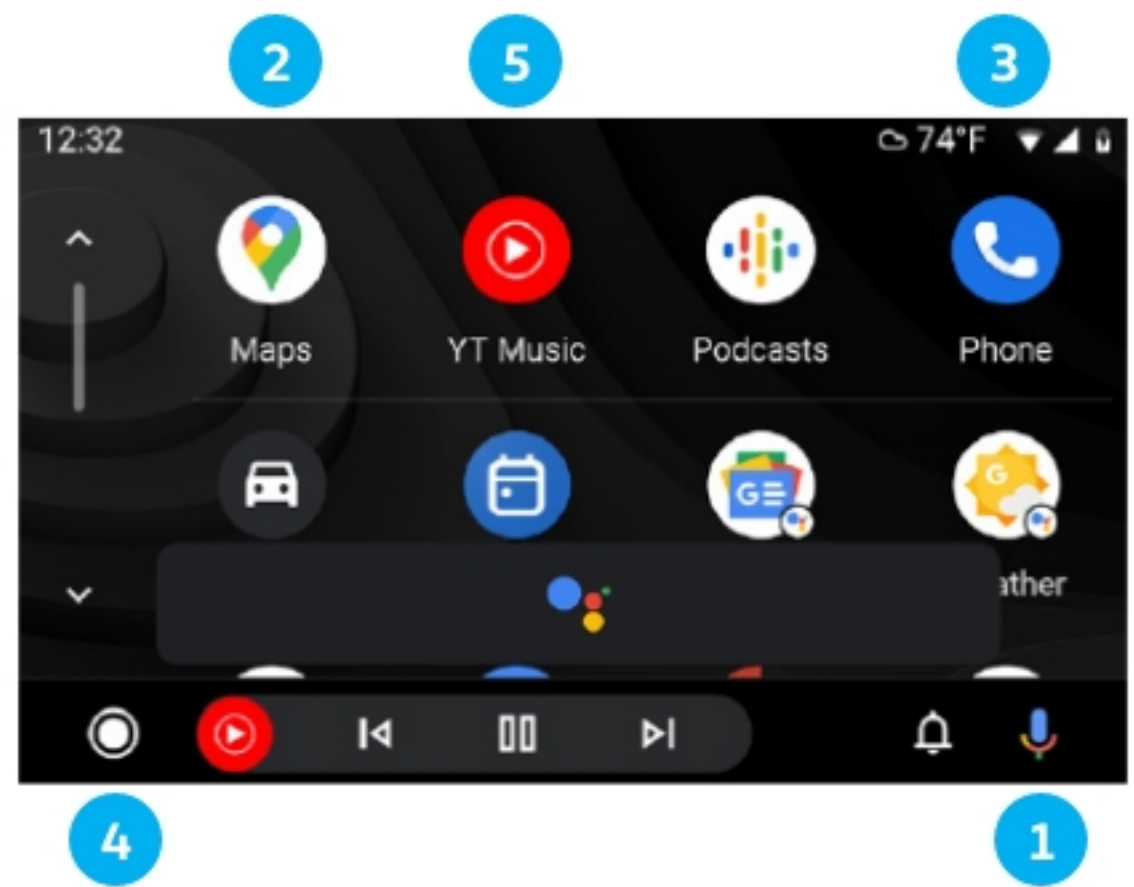

Google, Android, Google Play and Android Auto are trademarks of Google LLC. [Click here](#) for further information. To use Android Auto on your car display, you'll need an Android phone running Android 6.0 or higher, an active data plan and the Android Auto app.

## Features

1. **Microphone:** Google Assistant can be activated with a long press of the **Microphone** icon on the touchscreen or by using touchscreen commands that work with available apps. Google Assistant can also be activated using your voice to easily send messages, get directions, control media and more. Just say, "Hey Google," long-press the **Voice Control** button  on the multi-function steering wheel, or tap the **Microphone** icon on the touchscreen to get started.
2. **Navigation:** Predictive navigation provides turn-by-turn directions, traffic conditions and estimated travel time. Android Auto can predict where you want to go next based on your calendar and recent destinations.
3. **Phone:** Listen and reply to text messages, make calls or check your voicemail.
4. **Home Screen:** Takes you back to the home screen of Android Auto.
5. **Music and Audio:** Use your touchscreen to access your favorite artists, songs and playlists. Android Auto lets you stream from apps such as Pandora, Spotify and iHeartRadio.

Tapping the Exit icon  simply takes you to the Volkswagen native user interface. From there you can select Disconnect if you wish to completely disconnect from Android Auto.

 Watch the Android Auto Connection video.

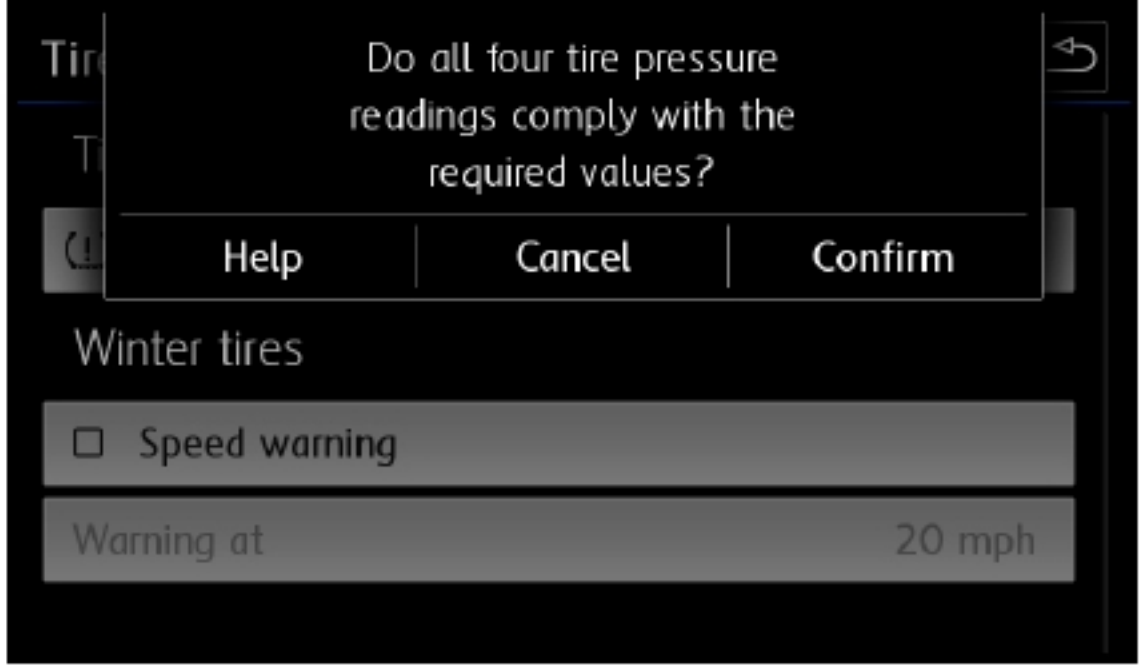

# TPMS/Keyless Access/ Parking Brake/myVW

## TPMS

### Tire Pressure Monitoring System (TPMS) Recalibration

The TPMS must be recalibrated each time the tire pressure in one or more tires has been adjusted, or after one or more tires has been replaced, rotated or repaired. After longer trips and different vehicle speeds, the system adapts to the new values and monitors them. To recalibrate the TPMS:

1. Turn the ignition ON.
2. Select **CAR** from the Infotainment touchscreen.
3. Select **Settings**.
4. Select **Tires** then select **Set**.
5. Select **Confirm** to store.

[▶ Watch the TPMS video.](#)

## Keyless Access

### Unlock

1. Make sure you have your key fob with you.
2. Slide hand behind door handle and wait for the door to unlock. Remember to avoid touching the indent on the front of the handle or the door will remain locked.
3. By touching the unlocking sensor twice in a row, the entire vehicle will unlock on the SEL/SEL-P model trims. The SE model trim only unlocks the two front doors.
4. Pull the handle to open door.

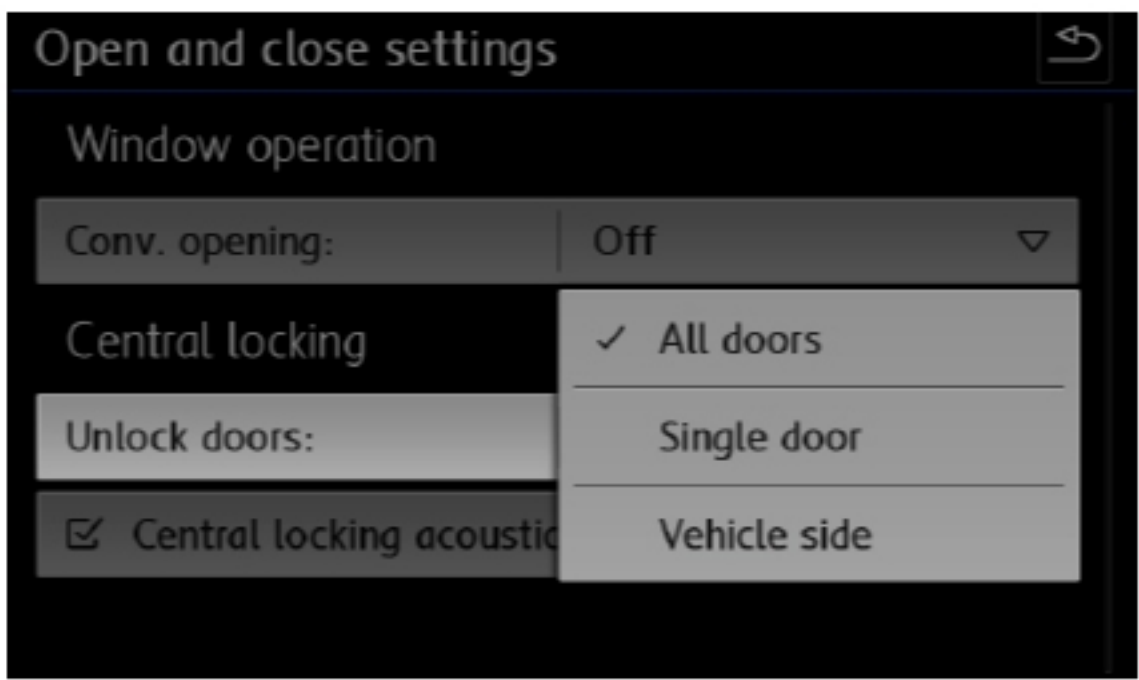

### Lock

1. Make sure you have your key fob with you.
2. Touch your thumb to the lock depression on the handle.

### Customize which Doors to Unlock with Keyless Access

1. Turn the ignition on and place the vehicle in Park. The vehicle will not allow you to customize Keyless Access while driving.
2. Select **CAR** from the Infotainment touchscreen.
3. Select **Settings**.
4. Select **Opening and closing settings**.
5. Select **Unlock doors** and select which doors to lock or unlock with keyless entry.
  - "All doors" unlocks all doors.
  - "Single Door" unlocks only the driver's door.
  - "Vehicle side" unlocks only the door(s) on the side where the key is at the moment.

[▶ Watch the Keyless Access video.](#)

Note: See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces, and consult local laws for any limitations on use.

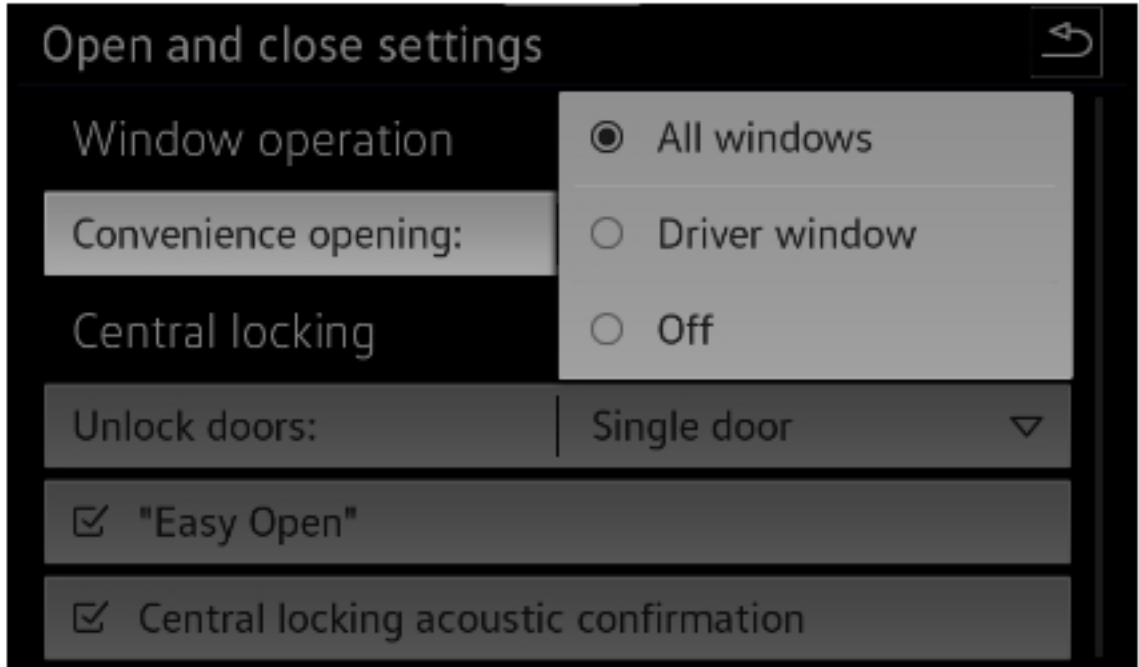

### Window Convenience Opening

The windows can be opened from outside the vehicle using the vehicle key when the ignition is switched off. To open:

1. Press and hold the unlock button on the vehicle key to open the windows.
2. To stop the function, release the unlock button.

You can select the window convenience opening settings in the Vehicle settings menu in the infotainment system.

1. Select **CAR** from the Infotainment touchscreen.
2. Select **Settings**.
3. Select **Open and close settings**.

## Using the Electronic Parking Brake

### Switching the Parking Brake On

When the vehicle is stationary, pull up on and hold the **(P)** switch to engage the parking brake. The parking brake is activated when a yellow LED light illuminates on the **(P)** switch and **PARK** appears in the instrument cluster display. The electronic parking brake will automatically activate if the vehicle is traveling under speeds of about 2 mph and the driver door opens.

### Turning the Parking Brake Off

- With the vehicle's ignition on, press the brake pedal and press the switch.

OR

- When the engine is running, press the accelerator pedal lightly without pressing the brake pedal. The red indicator light will go out when the electromechanical parking brake is no longer engaged.

[▶ Watch the Electronic Parking Brake video.](#)

- Last parked location

#### myVW Enrollment Process (if not performed by dealer):

1. Download the myVW app<sup>7</sup>
2. Click "Sign up" and enter your email and a password
3. You'll get an email; click on the link
4. Follow the steps to set up your account
5. If you do not see your car in the app:
  - Enter the VIN found on the driver's side of the dashboard
  - Scan a QR code or enter a registration number from your infotainment screen. To find these, go to **Menu > Settings > VW Car-Net online services > Registration**
6. Create a 4-Digit PIN
7. Activate VW Car-Net to enjoy remote features<sup>1</sup>

To learn more about myVW go to [vw.com/owners](https://www.vw.com/owners)

<sup>1</sup> Volkswagen highly recommends that a maintenance service be performed every 10,000 miles or 12 months, whichever occurs first. Actual recommended service intervals and scheduled maintenance services vary based on vehicle model, model year, and mileage. See your Volkswagen dealer, warranty & maintenance booklet, and/or VW Care Terms and Conditions for details.

<sup>2</sup> Service history is available as long as work was performed since after January 2014 at a participating Volkswagen dealership.

<sup>3</sup> Roadside Assistance provided by a third party. May require additional payment for services rendered. See owner's literature for limitations and details.

<sup>4</sup> Available on most MY20 and newer vehicles. Always pay careful attention to the road and do not drive while distracted. Certain services require trial or paid subscriptions, which may have their own terms and conditions. VW Car-Net Remote Access requires a VW ID, myVW app, and myVW account, cellular connectivity, network compatible hardware, availability of vehicle GPS signal, and acceptance of Terms of Service. Not all services and features are available on all vehicles and some features may require the most recent software update. Certain Car-Net services, such as Roadside Call Assist, connect out to 3rd party providers that may require additional payment. Standard text and data rates may apply for app and web features. See Terms of Service, Privacy Statement, and other important information at [www.vw.com/carnet](https://www.vw.com/carnet). Do not drive while distracted. Vehicle features and content may vary depending on vehicle equipment. Please see owner manual for further information.

<sup>5</sup> Requires myVW Mobile App and compatible factory-installed or dealer-installed remote start feature. See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces, and consult local laws for any limitations on use. Standard text and data rates may apply.

<sup>6</sup> Requires myVW mobile app. Standard text and data rates may apply. See Owner's Manual for further details and important warnings about locking and unlocking your vehicle remotely.

<sup>7</sup> Standard text and data rates may apply. Always pay careful attention to the road, and do not drive while distracted.

 Warning: See [Electronic Parking Brake, TPMS and Keyless Access](#) in your Owner's Manual for more detailed information and for important safety warnings.

 Warning: See [myVW](#) in your Owner's Manual for more detailed information and for important safety warnings.

	Charge level of the mobile phone battery. Applies only to models with a factory–installed mobile phone package.

Failure to heed warning lights and instrument cluster text messages can cause the vehicle to break down in traffic and result in a collision and serious personal injury.

- Never ignore warning lights or text WARNINGS
- Always stop the vehicle as soon as it is safe to do so
- Park the vehicle at a safe distance from moving traffic and where no part of the hot catalytic converter and exhaust system can come into contact with flammable materials under the vehicle, such as dry grass, brush, spilled fuel, etc.
- A broken–down vehicle presents a high accident risk for itself and others. Switch on emergency flashers and set up a warning triangle to warn oncoming traffic.
- Before opening the engine hood, always switch off the engine and let the engine cool down.
- Always be very careful when working in the engine compartment, which is a potentially dangerous area in any motor vehicle and can cause serious personal injury.
